

March 18, 2007

To Whom It May Concern:

It has been my distinct pleasure to be associated with Mike Owens and his firm, Owens Landscape Design and Management, for the past 25 years. During this period, Mike has designed and installed landscapes for model complexes, sales centers, entryways and open spaces for communities I have marketed. His design and landscape installation won the Grand Award at the 1997 Parade of Homes sponsored by the Home Builders Association of Denver (held here at The Timbers) and his landscaping masterpiece at the 2000 Sunset Magazine Idea Home (also at The Timbers) garnered Mike and his firm well-deserved national recognition.

Five years after moving into our own custom home at The Timbers, my wife and I still marvel at the land and waterscapes Mike designed and installed for us back in 2001. They are a constant source of enjoyment for family, friends and all who visit us.

When asked by new homeowners for landscaper recommendations, Owens Landscape and Design is always my unqualified top choice. Dozens of my neighbors have taken me up on this recommendation and they are glad they did!

Sincerely,
Timbers at the Pinery

Rick Chana
General Sales Manager
